

TEMURI BUKHAIDZE

Front End (React) Developer

ABOUT ME

I'm a 28-year-old Frontend Developer with 2 years of practical experience. Originally, I started with a Law degree, but my passion for programming led me to make the switch.

My background in law has honed my attention to detail and problem-solving skills, which I apply to coding. I'm always in the process of learning new technologies. I enjoy collaborating with others to build user-friendly, efficient web apps. My communication skills thrive in team environments, making me an effective collaborator.

WORK EXPERIENCE

Weather-app

May 2023 - Jul 2023

Created a weather application allowing users to fetch current weather by city or geolocation.

Marvel-app

Jun 2024 - Sep 2024

Built a multi-page site to browse Marvel characters and comics, incorporating Redux for state management.

e-store

Sep 2024 - Nov 2024

Developed a comprehensive e-commerce website featuring user authentication, product filtering, and a shopping cart.

Portfolio App

Sep 2024 - Present

A central hub showcasing all my projects, providing easy navigation and detailed information for each one.

Next.js App

Dec 2024 - Jan 2025

This is a portfolio app that I created after learning next.js and TypeScript.

Currency-Exchange-app

Feb 2025 - Apr 2025

A responsive web app that displays real-time exchange rates for currencies, cryptocurrencies and gasoline prices. Leverages multiple APIs to deliver up-to-date financial data in a clean interface.
